## Non－Covered Services Payment Policy

## Applicability

This Policy applies to the following Fallon Health products：
凹 Fallon Medicare Plus，Fallon Medicare Plus Central（Medicare Advantage）
凹 MassHealth ACO
区 NaviCare HMO SNP
® NaviCare SCO（Medicaid－only）
® Summit Eldercare PACE
区 Fallon Health Weinberg PACE
® Community Care（Commercial／Exchange）

## Policy

The Plan does not reimburse for services that are considered not medically necessary， experimental／investigative，or non－covered．

Unless otherwise stated in the provider contract，contracted providers must advise a member in writing prior to the provision of services that service（s）not covered by the plan will be the member＇s financial liability．Unless explicitly classified as a non－covered service in the member＇s Evidence of Coverage（EOC），the Plan must make a determination of non－coverage prior to the member being billed．Non－covered services may include self－referrals to specialists for services that require a primary care provider（PCP）referral or plan prior authorization．

Members can only be held liable for non－covered services if they agreed to pay for the non－ covered service by signing a valid waiver accepting financial responsibility if the services are non－ covered．The waiver must clearly demonstrate that the member agreed in writing and in advance to pay for those services after being informed of the estimated cost of these services and the fact that these services are non－covered．A general member statement agreeing to pay for services not paid by the insurer is not sufficient．

A sample waiver is amended to this policy．In order to seek payment from the Plan member，the provider must retain and be able to produce documentation demonstrating that a valid member waiver of liability was obtained．

## Definitions

Not Covered（NC）：Services identified in the exclusion section of the member＇s EOC．
Not Separately Reimbursed（NSR）：These services pay \＄0，and there is no member payment responsibility．Consistent with CMS guidelines，these codes represent services that are covered but reimbursement for these services is always included in the reimbursement for another service or that separate payment should not be made for the services．
Deny Vendor Liable（DVL）：These services are not payable，and there is no member payment responsibility．

## Reimbursement

The Plan does not reimburse for the codes listed as Not Covered（NC），Not Separately Reimbursed（NSR）or Deny Vendor Liable（DVL）in the table on the following pages．
The Plan does not reimburse for services that are considered not medically necessary， experimental／investigative，or non－covered．

Coverage is based upon the terms of a member's particular benefit plan which may contain its own specific provisions for coverage and exclusions regardless of medical necessity. Please consult the product's Evidence of Coverage for exclusions or other benefit limitations.

Services listed as "covered" may have other restrictions such as prior authorization requirements; please contact your Plan Provider Relations representative with questions.

The provider ordering or performing the non-covered services must inform the member that the services are clearly non-covered, why these services are not covered, and the estimated cost of these services, and the provider must obtain a valid notice of financial liability waiver from the member. The signed waiver must be kept on file in the member's medical records.

## Update Related to Coronavirus Disease 2019 (COVID-19) Pandemic

In response to the COVID-19 pandemic, some health care providers limited in-person visits and cancelled elective procedures to reduce the spread of COVID-19, prepare for COVID-19 patients, and conserve personal protective equipment. As a consequence, some providers reported forgone revenue and/or significant financial challenges, making it difficult to sustain services. To address these concerns, Congress established the Provider Relief Fund (PRF) in the Coronavirus Aid, Relief, and Economic Security (CARES) Act and appropriated $\$ 100$ billion to reimburse, through grants or other mechanisms, eligible health care providers for health care related expenses or lost revenues that are attributable to coronavirus. The PRF provides grants to eligible health care providers. Funds do not have to be repaid as long as the provider meets the Fund's terms and conditions. After receiving funds, providers must agree to the terms and conditions, namely, among others, certifying that the funds will be used to prepare for or treat COVID-19 patients or for lost revenue and will not be used to duplicate another source of payment, and agree to submit documentation. Providers also must agree that for all care provided to presumptive or positive COVID-19 cases they will not seek to collect from the patient out-of-pocket expenses in an amount greater than what the patient would have otherwise been required to pay if the care had been provided by an in-network recipient. In other words, for COVID-19-related care, PRF fund recipients agree not to surprise-bill patients with a presumptive or actual COVID-19 diagnosis. To ensure transparency, the names of payment recipients is available on the Centers for Disease Control and Prevention (CDC) website, Provider Relief Fund COVID-19 High-Impact Payments webpage. For additional information, go to:
https://www.hhs.gov/coronavirus/cares-act-provider-relief-fund/for-providers/index.html.

## Referral/notification/prior authorization requirements

Fallon Health Weinberg PACE and MLTC programs are based on patient care coordination; therefore, we encourage referring providers to contact the member's designated care coordinator if there are questions or concerns prior to prescribing tests, supplying equipment, or providing any other additional appointments or services that may not routinely be authorized or may require prior authorization.
Summit ElderCare ${ }^{\circledR}$ is based on member care coordination; therefore, the referring Summit ElderCare PACE site must be contacted for approval, prior to coordinating and/or rendering services.

## Billing/coding guidelines

The Plan will use current industry standard procedure codes (HCPCS CPT I and II codes along with other industry standard codes) throughout our processing systems.
The Health Insurance Portability \& Accountability Act (HIPAA) Transaction \& Code Set Rule requires providers to use the procedure code(s) that are valid at the time the service is provided. The Plan adheres to HIPAA standards.

Providers must only use industry standard code sets and must use specific HCPCS CPT I and II codes when available. If specific codes are not available, unlisted codes require Plan preauthorization.

## HCPCS Level II C Codes

C codes are temporary codes established by Medicare for use by outpatient hospitals and ambulatory surgical centers (ASCs) to report certain drugs, biologicals, devices and procedures. Some items and services represented by C codes are eligible for transitional pass-through payments, some have separate APC payments and others are packaged. Under OPPS, hospitals are encouraged to report C codes regardless of payment status. ASCs are instructed not report services that are packaged into the payment for covered surgical procedures. C codes may be replaced with a permanent code. Whenever a permanent code is established to replace a temporary code, the temporary code is deleted and cross-referenced to the new permanent code.
C codes are generally not payable under MassHealth. Claims for $C$ codes will deny vendor liable for MassHealth ACO members. Please bill using the appropriate CPT/HCPCS code per MassHealth regulations.

## Billing for No Cost Drugs and Biologicals

Physicians and nonphysician practitioners (NPPs) who bill independently should not report no cost drugs and biologicals as there are no system edits in place that require them to do so and there is no field on the professional claim form to report a non-covered charge. There is one exception: the administration of state-supplied vaccines. For the administration of state-supplied vaccines, physicians and NPPs should:

- Submit the appropriate immunization administration CPT code (90460-90461 or 9047190474) in addition to the vaccine/toxoid CPT code, and
- Attach the SL modifier to the vaccine/toxoid CPT code with a charge of $\$ 0.00$ to indicate that the vaccine/toxoid was state-supplied.
Some billing systems require that a charge be reported, even for drugs and biologicals for which the physician or NPP incurs no cost. In that case, the physician or NPP may submit a token charge of less than $\$ 1.01$ for the item in the Covered Charges field of the CMS-1500.Generally, hospitals are not required to report no cost drug or biologicals, however there are situations where no cost drugs and biologicals may be reported on claims:
- For hospitals paid under the Medicare hospital Outpatient Prospective Payment System (OPPS), when a drug is provided at no cost (for example, a specialty pharmacy drug, or a
drug supplied at no cost by a clinical trial sponsor), claims processing edits may prevent drug administration charges from being paid when the claim does not contain a covered/billable drug charge. Therefore, for drugs and biologicals provided at no cost in a hospital outpatient department, providers should report the HCPCS code for the drug or biological with appropriate units and a token charge of less than $\$ 1.01$ for the item in the Covered Charges field and mirror this less than $\$ 1.01$ amount in the Non-Covered Charge field.
- For hospitals reimbursed by other payment methodologies, if it is necessary for a hospital to report a charge for drugs and biologicals for which the hospital incurs no cost, for example, because the hospital's billing system requires that a charge be reported on the UB-04, the hospital may report the drug or biological with appropriate units and a token charge of less than $\$ 1.01$ for the item in the Covered Charges field and mirror this less than $\$ 1.01$ amount in the Non-Covered Charge field.

## Billing for No Cost Devices

When a hospital paid according to the Medicare Outpatient Prospective Payment System (OPPS) furnishes a device without cost, or when a hospital receives a credit for a device that is $50 \%$ or greater than the cost of the device, the hospital must report Value Code FD (Credit Received from the Manufacturer for a Medical Device) and the amount of the device credit in the Value Code Amount field. Hospitals must also report one of the following Condition Codes when Value Code "FD" is reported on a claim:

- Condition Code 49 - Product Replacement within Product Lifecycle—Replacement of a product earlier than the anticipated lifecycle.
- Condition Code 50 - Product Replacement for Known Recall of a Product—Manufacturer or FDA has identified the product for recall and therefore replacement.
- Condition Code 53 - Initial placement of a medical device provided as part of a clinical trial or free sample).

The amount of the payment deduction for device-intensive APCs is limited to the total amount of the device offset with Value Code FD appears on a claim.
When a hospital paid under a non-OPPS payment methodology furnishes a device for which it incurs no cost, the hospital charge for the device should equal \$0.00. However, some hospital's billing systems require that a charge be reported for separately billable items in order for the claim to be submitted for payment, even for items for which the hospital incurs no cost. In this case, the hospital should submit a token charge of less than $\$ 1.01$ on the line with the device code.
For additional information, refer to Medicare Claims Processing Manual, Chapter 4, Section 61.3.5 - Reporting and Charging Requirements When a Device is Furnished Without Cost to the Hospital or When the Hospital Receives a Full or Partial Credit for the Replacement Device Beginning January 1, 2014.

The criteria listed above apply to Fallon Health Plan and its subsidiaries. This payment policy has been developed to provide information regarding general billing, coding, and documentation guidelines for The Plan. Even though this payment policy may indicate that a particular service or supply is considered covered, specific provider contract terms and/or member individual benefit plans may apply and this policy is not a guarantee of payment. The Plan reserves the right to apply this payment policy to all of The Plan companies and subsidiaries. The Plan routinely verifies that charges billed are in accordance with the guidelines stated in this payment policy and are appropriately documented in the medical records. Payments are subject to post-payment audits and retraction of overpayments.
